

PHAEDRA'S LOVE

by Sarah Kane

"gut-wrenchingly effective" ****

THE SCOTSMAN (on *Crave* 2002)

In a royal palace, Phaedra is consumed by desire for her stepson, the obnoxious and destructive Hippolytus. Brutal and darkly funny, *Phaedra's Love* is a powerful tale of a royal family ripped apart by obsession and forbidden love.

Fail Better return to the Fringe with a rare revival of Sarah Kane's adaptation of the Phaedra myth, following sell-out success with *Crave* in 2002 (**** The List/Scotsman/Herald/Fest).

5th-29th August (not 16th) @21.00
